All devices starting with serial number 1903001

Samples:

<input checked="" type="checkbox"/> available	<input type="checkbox"/> will be available soon	<input type="checkbox"/> at the moment not applicable
---	---	---

Qualifiable impact on quality and reliability:

Requalification will be done to Qualification requirement specification for CANlink wireless. This document could be provided on request.

Proposed first ship date*: 26.04.2019

* The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, Proemion will continue to ship pre-changed products until a time in which inventory has been depleted. This may result in pre-changed products being shipped to the customer after this forecasted date.

Last time order for old devices: None

Proemion contact: sales@proemion.com
