Change description:

Devices with UL certification will no longer be produced after 20. December 2020. After that date, devices without UL certification on their type label will still be produced. There will be no influence on form, fit and function of the devices.

Reason for the expiration of the UL certification is the standard UL 60950 which is no longer applicable after the 20. December 2020.

Before 20. December 2020

After 20. December 2020

Identification method to distinguish the change:

Devices without UL certification can be distinguished by their type label without UL certification symbol.

Qualifiable impact on quality and reliability:

No influence on form, fit and function.

Proposed first ship date*: -

* The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, Proemion will continue to ship pre-changed products until a time in which the inventory has been depleted. This may result in pre-changed products being shipped to customers after this forecasted date.

Last time order for devices with UL certification: 01.12.2020

Last time ship for devices: Not applicable.

End of Repair-Service for devices: Not applicable.

End of Support for devices: Not applicable.
