**PCN\_20230131A\_End\_of\_Life\_CANlink wireless 3000**

**Date: 30.06.2023**

Title: Update End of Life CANlink wireless 3000

Product identification: See material number on type label.

Reason for change:  Design  Quality/Reliability  Packaging  
 Manufacturing Location  Change of certification  Labeling  
 Expansion of product family  Material  Assembly  
 Logistics  Software update  End of Life

**Change Description:**

Due to demands of customers for longer availability and a significantly improved supply chain, the End of Life date of the CANlink® wireless 3000 series was extended compared to the earlier issued PCN.

Due to realignment of the product portfolio and discontinuation of components the CANlink wireless 3000 series will be discontinued.

The successor CANlink wireless 4000 series generally replace the CANlink wireless 3000 series in function. As an exemption the CANlink wireless var. RS232 only will not be replaced by a successor.

Depending on the demand the CANlink wireless 3001 Var. PLUS+1 and the CANlink wireless 3002 - CAN-WiFi-GW may be replaced by a successor in the future.

**Identification method to distinguish the change:**

Not applicable.

**Qualifiable impact on quality and reliability:**

Not applicable.

Samples:  available  will be available soon  not applicable

Proposed first ship date<sup>1</sup>: Not applicable.

Last time order for devices: 30.06.2024

Last time ship for devices: 20.12.2024

End of Repair-Service for devices: 20.12.2026

End of Support for devices: 20.12.2027

## Appendix

<sup>1</sup> The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, Proemion will continue to ship pre-changed products until a time in which the inventory has been depleted. This may result in pre-changed products being shipped to customers after this forecasted date.
