

Product change notification number:
PCN_20180817_CANview RS232_EOL

Date: 17.08.2018

Title: End-of-Life CANview RS232

Product identification: Partnumber 253001001 on label

Reason for change: Design Logistics Logistics
 Manufacturing Location Quality/Reliability Material
 Expansion of product family End of life

Change description:

The Microcontroller SAF-C515C used inside the CANview RS232 is obsoleted by Infineon. Because there is no compatible successor available, the product CANview RS232 has to be discontinued.

Identification method to distinguish the change:

None

Samples: available will be available soon not applicable

Qualifiable impact on quality and reliability:

None

Proposed first ship date*: None

* The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, Proemion will continue to ship pre-changed products until a time in which inventory has been depleted. This may result in pre-changed products being shipped to the customer after this forecasted date.

Last time order for old devices: 31.05.2019

Proemion contact: Vlado Micetic, Vlado.Micetic@proemion.com
