

Product Change Notification

CANlink GSM 5xxx

Product change notification number:

PCN_20140818_CANlink_GSM_EOL

Date: 18.08.2014

Title: CANlink GSM 5101, 5102, 5120 – End Of Life

Product identification: Material-No. on Rating plate: 253004027, 253004032, 253004033

Reason for change:

<input type="checkbox"/> Design	<input type="checkbox"/> Logistics	<input type="checkbox"/> Logistics
<input type="checkbox"/> Manufacturing Location	<input type="checkbox"/> Quality/Reliability	<input type="checkbox"/> Material
<input type="checkbox"/> Expansion of product family		<input checked="" type="checkbox"/> End of life

Change description:

The GPS-chipset used inside the CANlink GSM 51xx product family has reached EOL-Status. It has been decided to introduce no GSM-only replacement product family, because always more provider are planning to shutdown their GSM-Networks in the next few years. We recommend to upgrade to the new CANlink mobile 5xxx product family with support of UMTS/HSPA networks.

Identification method to distinguish the change:

The recommended replacements parts have new productnames and Materialnumbers, see the following table:

Old Productname / Materialnumber	Recommended Replacement Productname / Materialnumber
CANlink GSM 5101 253004027	CANlink mobile 5301 / 253004049
CANlink GSM 5102 253004032	CANlink mobile 5303 / 253004050
CANlink GSM 5120 253004033	CANlink mobile 5320 / 253004046

Samples: available will be available soon not applicable

Qualifiable impact on quality and reliability:

None

Proposed first ship date*: Q4 2014 (for replacement devices)

* The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, RM will continue to ship pre-changed products until a time in which inventory has been depleted. This may result in pre-changed products being shipped to the customer after this forecasted date.

Last time order for old devices: 15.09.2014
