

Product change notification number:
PCN_20210129_Change_of_Service_Interface_Covering

Date: 29.01.2021

Title: Product change note for change of service interface covering

Product identification: See material number on type label and service interface covering.

Reason for change: Design Logistics
 Manufacturing Location Quality/Reliability Material
 Expansion of product family Change of certification End of life

Change description:

Due to continuous improvement processes, the service interface covering will be exchanged for some variants of the CANlink mobile 3000 series. A service label will cover the interface instead of a rubber plug in the future.

Before the change

After the change

Identification method to distinguish the change:

Devices with new service interface covering have a service interface label instead of a rubber plug.

Samples: available will be available soon not applicable

Qualifiable impact on quality and reliability:

No influence on form, fit and function.

Proposed first ship date*: 01.03.2021

* The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, Proemion will continue to ship pre-changed products until a time in which the inventory has been depleted. This may result in pre-changed products being shipped to customers after this forecasted date.

Last time order for devices: not applicable

Last time ship for devices: not applicable

End of Repair-Service for devices: not applicable

End of Support for devices: not applicable
