Product change notification number:
PCN_20151203_RM_Display_3000

Date: 07.12.2015

Title: New enclosure RM Display 30xx

Product identification: Materialnumber on type label see Appendix

Reason for change:

<input checked="" type="checkbox"/> Design	<input type="checkbox"/> Logistics	<input type="checkbox"/> Logistics
<input type="checkbox"/> Manufacturing Location	<input type="checkbox"/> Quality/Reliability	<input checked="" type="checkbox"/> Material
<input type="checkbox"/> Expansion of product family		<input type="checkbox"/> End of life

Change description:

Revision of housing parts.

Identification method to distinguish the change:

Revision will be changed

Samples: available will be available soon not applicable

Qualifiable impact on quality and reliability:

Several mechanical housing changes with remain consistent housing dimensions

Proposed first ship date*: 01.03.2016

* The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, RM will continue to ship pre-changed products until a time in which inventory has been depleted. This may result in pre-changed products being shipped to the customer after this forecasted date.
