**Change description:**

The GSM/EDGE-Module used inside the CANlink GSM 2xxx has reached EOL-Status.

**Identification method to distinguish the change:**

None.

Samples:  available  will be available soon  not applicable

**Qualifiable impact on quality and reliability:**

None.

**Proposed first ship date\*:** None.

\* The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, Proemion will continue to ship pre-changed products until a time in which inventory has been depleted. This may result in pre-changed products being shipped to the customer after this forecasted date.

Last time order for old devices: 30.11.2015
