**Change Description:**

To enhance the device functionalities CANlink mobile 3600 devices will be delivered with the new firmware version 3.0.2 PLUS+1. See the release notes for more information on the new firmware.

The new firmware revision is already available in our DataPlatform [Firmware Management](#). Please use this convenient feature to update the devices in your fleet. Please consider our [Safe Remote Updates Guideline](#) when planning the update campaign.

Proemion urgently recommends that you always update your devices to the latest released firmware version. Failure to update firmware may result in elevated errors, higher data consumption or even loss of connectivity for which Proemion is not obligated to provide technical support or warranty. If you have any problems or questions regarding the update, please contact our support team at <https://support.proemion.com>

The new firmware revision including the release notes is also available for download in our Download Center at <https://docs.proemion.com>

The certification numbers/logos for Type Approvals of Ukraine and Mauritania (only Model CANlink mobile 3617) will be added to the backside type label to achieve certification requirements. Please see the Download Center at <https://docs.proemion.com> for a full list of countries Type Approvals. Furthermore, a product change index was introduced for easier identification of product change state on the frontside type label.

**Identification method to distinguish the change:**

Product Change Index printed on type label. Firmware revision could be read out electronically. See table in Appendix.

**Qualifiable impact on quality and reliability:**

No impact on form and fit. Enhanced functionality.

Samples:  available     will be available soon     not applicable

Proposed first ship date<sup>1</sup>: 15.02.2024

<sup>1</sup> The proposed first ship date is the forecasted date that a customer may expect to receive changed products. This is determined by the estimated date of inventory depletion on the PCN issue date. This may be affected by fluctuations in supply and demand. Consequently, although customers should be prepared to receive changed products on this date, Proemion will continue to ship pre-changed products until a time in which the inventory has been depleted. This may result in pre-changed products being shipped to customers after this forecasted date.

Last time order for devices: not applicable  
Last time ship for devices: not applicable  
End of Repair-Service for devices: not applicable  
End of Support for devices: not applicable
